

AN OATH-BOUND ORGANIZATION

Evidence Forthcoming Showing That the Armenian Hunchakist Society is Such.

SANCTIONS DEATH PENALTY.

Constitution Authorizes the Central Committee to Condemn Any Member to Death.

New York, Aug. 6.—Evidence is forthcoming that the Hunchakist, the Armenian revolutionary society which is being investigated by the authorities, sanctions death penalties and is an oath-bound organization. County detectives recently seized papers in the room of Stephen Kadarian, an Armenian, and one of these documents appears to be the fundamental constitution of the Hunchakist adopted in 1903 and amended in 1905 at the general convention of the society held in Cairo, Egypt.

Asst. Dist. Atty. Manley, who is conducting the investigation, has had this copy of the constitution translated and it appears from it that the central committee of the Hunchakist, which is the governing body, may condemn any member to death. The vote of the central committee, which numbers five, must, however, be unanimous, and the person thus singled out for death may appeal to the general convention. The general convention may likewise, by unanimous vote, condemn any member to death, and in such a case there is no right of appeal.

Kadarian has been summoned to tell what he knows of the society and its workings.

"EVERYBODY SHOULD KNOW"

says C. G. Hays, a prominent business man of Elkhart, Mo., that the Hunchakist is the swiftest and surest heeling alive ever applied to a sore, burn or wound, or to a case of piles. I've used it and know what I'm talking about." Guaranteed by Z. C. M. I. Drug Store, druggists, 25c.

U. S. JUDGE RESTRAINS ARKANSAS SECY. OF STATE

St. Paul, Aug. 5.—Judge Vandevanter, in the United States circuit court, today issued a temporary restraining order prohibiting the secretary of the state of Arkansas from forfeiting the right of the Chicago, Rock Island & Pacific railroad to do business in that state.

The complaint was presented to the court by Atty. Hickes of Little Rock. The railroad is organized under the laws of the state of Iowa and has the right to bring suits against citizens of Arkansas in the federal court and to have removed into the United States courts any suits begun in the state courts. The last Arkansas legislature passed an act providing that any corporation which should commence a suit in the United States court against an citizen of Arkansas or which should remove any suit pending in a state court into the United States courts, should forfeit its right to do business in the state and should be subject to a penalty of \$1,000 a day for each day it should thereafter continue to do business therein. The secretary of state is charged with the duty of enforcing the law.

UNCLE SAM'S SAILORS KICK AGAINST UNIFORM.

New York, Aug. 6.—The Jack Tars of the U. S. navy have made a mighty protest against the time honored head gear and blouse they wear ashore and on dress occasions aboard ship that to meet the clamor of the enlisted men, the navy department has appointed a committee to decide on changes in the uniform. Capt. Hugo Osterhaus, commander of the battleship Connecticut, is chairman of this committee.

Capt. Osterhaus has sent out a statement to the captains of all warships in the North Atlantic squadron and to the commander of every ship in the service asking for suggestions. The enlisted men are desirous of obtaining caps and visor caps. Many of them want the wide flaring trousers, the world-round, immemorial cut peculiar to sailors, changed into the ordinary pattern.

But the chief grievance of the sailors relates to the blouses and the old fashioned panache caps. These caps are said by all seamen to be absolutely useless on a windy day, as they cannot be kept on the head. They af-

ford no shade to the eyes and seem to exist merely as a relic of the past. The protest over the blouse is considered well justified in the navy. In the first place the seamen object to the wide collar, which blows up around their ears on windy days. They want shorter neckerchiefs and coats cut like those of the marines' demands be granted, it would be the first time in the history of the American navy that seamen have worn coats.

ENDORSED BY THE COUNTY.

"The most popular remedy in Otero County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otero Journal, Gilbertville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by Z. C. M. I. Drug Store. Price 50c and \$1.00. Trial bottle free.

SOUTHERN PACIFIC DISCOVERERS CAUSE OF WRECK.

San Francisco, Aug. 5.—The Call says that the Southern Pacific finally has discovered one of the causes of the many freight wrecks that have occurred with disconcerting frequency of late. The side bearings of about 500 new cars built on the order of the Southern Pacific for the Pacific fruit express are faulty and must be altered from inch centers to 8-inch centers. This difference, though slight, has been the cause of many disasters. The cars would not stay on the rails when rounded curves.

RUEF'S PRISON EXPENSES.

Taxpayer Thinks They Are Too Big And Wants Them Cut Down.
San Francisco, Aug. 5.—A suit was filed in the superior court today for the ostensible purpose of saving the city the expense of keeping Abraham Ruef in the custody of Elisor Biggy outside of the county jail. It is brought by J. P. Murphy, a taxpayer, and seeks an order compelling the city to pay for the cost of Ruef's imprisonment. The complaint points out that Ruef now costs the city about \$2,000 a month, while the prisoner might very well be kept at the county jail, which is provided for the purpose at a much more reasonable price.

SENT TO A SANITARIUM.

Baroness Annie Harden-Hickey, Daughter of John H. Flagler.

New York, Aug. 6.—The Baroness Annie Harden-Hickey, daughter of John H. Flagler, has been committed to a sanitarium in Connecticut by order of the probate court in Stamford. There is said to be little hope of a cure. Her mental breakdown is traced back to the death of her husband.

John H. Flagler, her father, has been appointed conservator of her fortune, which is said to be almost entirely in Standard Oil stock.

The Baroness Harden-Hickey was Miss Annie Flagler. She married the French nobleman in 1890. The baron was shipwrecked on the island of Trinidad and got an idea of becoming king of the island. He took the title of James L. but England objected and a cruiser of that country took away the entire kingdom to the United States.

The baroness was queen of Trinidad for a time, the kingdom being supported on her money. When her husband died she went abroad but was brought back from France to this country when her health began to be impaired.

The baron committed suicide in a hotel in El Paso, Texas, in 1898.

LIFE STORY OF TWO ENGINEERS

After Running Engine for Forty-Four Years, James H. Banta Is Killed by One.

HAD SURVIVED MANY DANGERS

Geo. Abbott of the Burlington Runs List of Victims Up to Forty-Nine Men, Women and Children.

Chicago, Aug. 6.—James H. Banta, the oldest engineer on the Illinois Central railroad, was struck by an engine and instantly killed while crossing the tracks yesterday. For 44 years Banta had driven or stoked engines over the tracks on which he met his death and had survived four wrecks without injury.

Banta, who was 62 years old, was struck by a train which he had himself driven for 10 years.

Banta was soon to retire on a pension.

Among dangers that Banta survived before he met his ordinary sort of death, were the explosion of his locomotive boiler, twice running into an open switch and once falling from the cab window while the locomotive was running at full speed.

Engineer Geo. Abbott of the Chicago, Burlington & Quincy railroad on Sunday ran over and killed three men near Chicago, bringing his list of victims up to nearly 40 men, women and children.

Abbott, who has been 30 years in service, related his experiences of horrors while waiting for his train to go out at the Union station.

"From a haunted, nerve-wrecked man," he said, "it seems to have become a part of the engine drive. I probably have been the most unfortunate railroad man in the country. I cannot remember the exact number of persons that have been killed by the engines I have driven, but I should place the number between 35 and 40."

"I have driven my engine into groups of men and killed five at a time. I have seen a woman hurled as high as over the telegraph wires at the side of the track from the front of my engine, and I have watched a little child rolled along the ties by the tender for 100 feet before she disappeared beneath the wheels of the engine. I have had so many harrowing experiences that I have I believe become so inured to the sight of a face distorted in death—staring at me from the wheels of my engine—that I believe I am unaffected."

MEN PAST SIXTY IN DANGER

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of the prostate gland. This is a dangerous and Poley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Poley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." MAYOR TAYLOR'S TITLE.

California Supreme Court Will Pass On It on the 12th Inst.

San Francisco, Aug. 5.—The supreme court today granted the application of Harry C. McKenny, secretary to Mayor E. R. Taylor, for a writ of mandamus requiring the city auditor to approve McKenny's salary warrant. The writ was made returnable Aug. 12. The real object of the action is to determine the legal status of Dr. Taylor as mayor in relation to the claims of Eugene E. Schmitz to that office.

MARCELIN ALBERT.

Leader of Revolt in the Midi Released and Coldly Received.

Paris, Aug. 6.—Marcelin Albert, leader of the recent revolt in the Midi, who was released from jail on Friday, received a cold welcome upon arrival at Montpellier. His late admirers reproached him for not returning sooner after his release and hooted him until he entered his house where he shut himself in.

CURE FOR MENINGITIS.

Wealth of John D. Rockefeller Has Made It Possible.

Chicago, Aug. 6.—A special dispatch to the Tribune from Cleveland says: According to private advices received last night from New York and Castalia, Ohio, the wealth of John D. Rockefeller has made possible a cure for meningitis. Dr. Simon Flexner, the New York dispatch says, has discovered a serum which will cure the heretofore fatal disease. Experiments made at Castalia have demonstrated the efficacy of the serum. Dr. Flexner is head of the Rockefeller institute for medical research in New York. He will return from Europe in a few days and then

A "FLATTERING OFFER."

Daughter of Magill Indicted for Wife Murder, Receives One to Go on Stage

Bloomington, Ill., Aug. 6.—Announcement is made by Atty.-R. A. Lemon, representing Fred Magill and wife, under indictment at Clinton on a charge of murder, that Miss Margarette Magill, Magill's 13-year-old daughter, who accompanied the couple to California, has received a flattering offer to go upon the stage Sept. 1. The offer came from a Chicago manager.

The manager stated he felt disposed to sympathize with the defendant, and leaving that Miss Magill had expressed a wish to go upon the stage in order to aid her parents, made the offer. Miss Magill was educated at Sinsinaw, Wis., and has dramatic talent. She has not yet made up her mind to accept the offer.

SEVEN TROUGHS TROUBLE.

Settled by Mine Owners Agreeing to Pay Union Miners Five Dollars.

Renov, Nev., Aug. 6.—All trouble in the Seven Troughs mining district were settled today by the mine owners agreeing to pay union miners \$5 instead of \$4 for eight hours' work. The miners have been on strike for more than a month and in that time nearly every mine in the Seven Troughs district has been closed down. Mines will now be opened and there will be great activity in the district.

FEDERATION MINERS.

Card System Will Be Rigidly Enforced Against Them in Cripple Creek.

Colorado Springs, Colo., Aug. 6.—Hereafter the card system will be rigidly enforced against the Western Federation of Miners in the Cripple Creek district. This was decided at a meeting of the Mine Owners' association held in this city yesterday.

Little was given out for publication in adjournment, but it is understood that the principal object of the meeting was to discuss the situation arising out of the release of the leaders of the federation.

A strong effort will be made, it is understood, to prevent federation sympathizers being employed in the district.

BOAT ROCKERS.

Chicago Judge Fines a Man and Woman for Having "Fun."

Chicago, Aug. 6.—A man and a woman accused of rocking a row boat at dusk, which they were rowing in Washington park Sunday afternoon, paid for their "fun" yesterday when they were fined by Municipal Judge Lamy. The woman, Mrs. Annie Finn, was fined the court costs, amounting to \$7, and the man, George Morris, was fined \$25 and costs. Both paid the fines and promised never to rock a boat again.

HALF A MAN'S BODY HELD BY TWO STATES.

El Paso, Tex., Aug. 6.—One-half of a man's body held by the authorities of one state and the other half held by another state, and each state refusing to give up the half it holds, is a situation now existing in Mexico, which serves to magnify some of the incongruities of the laws of the country.

Miguel Martinez, a Mexican Central brakeman, went to sleep under one of the cars of his train while it was on a siding at Esprit Santo, Zacatecas. The train started up and cut him squarely in two at the belt. Half the body rolled to the side of the track and the other half, becoming tangled in the brake beam, was carried to Salinas, San Luis Potosi. The authorities in each state took possession of half the body and each refuses to return the half it has over to the other.

No official investigation can proceed without a body, and as the body is divided, hence the authorities are at sword points, and the relatives of the dead man are unable to do anything.

THE POPE IS WORRIED.

The Cause is the Outburst of Anti-Clericalism in Italy.

Rome, Aug. 6.—Persons who have seen the pope lately say that he is suffering from mental anxiety caused by the outburst of anti-clericalism. Like almost everyone else he knows that most of the charges made by the clericals, on which the movement is ostensible based, are false, whilst others are shamefully exaggerated and the church is being made to suffer for the misdeeds of a few black sheep. Two of these his holiness has publicly unfrocked. They were rectors of parish churches in Rome.

\$177.50 FOR GROCERIES!

We collected this amount for Jacob Pearl & Sons, the grocers on 12th St. and 9th East Streets, Salt Lake City.

It had been owing to them 12 years. The case was sued in Murray and the defendant said the bill was outlawed, and that he had been sued in the wrong spot. He didn't say the groceries were not good, nor that he had not promised to pay, perhaps a hundred times in the twelve years he had owed the bills, but he hired lawyers and the case went up to the Supreme Court and was decided in our favor.

He knows now that it was an honest debt. We will collect some for you if you turn in your claims.
